

TRAFFIC DEATHS SLOW AS HOLIDAY BEGINS

Stratton Indicates He Will Veto Korean Bonus Bill

Governor Says He Favors Study By Commission

May Set Veto Record Because of Spending Measures

SPRINGFIELD (U)—The 150 million dollar Korean veterans bonus voted by the 60th General Assembly today seemed doomed to fall before Gov. William G. Stratton's veto pen.

Stratton Friday told newsmen he was satisfied with that part of his program passed by the Legislature which held final adjournment Thursday, but he said he may set a veto record because of extra spending measures passed.

Stratton said there should be more study of how much bonus to pay Korean veterans as a bonus, where to get the money and who should get it.

He said he favored a bill to set up a two-year study commission on the question.

Question of Policy

"There is a difference between those who served in the Korean theater and those who just served during the war," he said. "There is a policy involved... and also a question of the burden on the taxpayers."

The 150 million dollar bonus bill passed by the House would submit the question of paying a bonus to voters in 1956. If voters approved the plan, 240,000 Illinois men in military service from June 26, 1950, to July 26, 1953, would be eligible for \$10 a month for domestic service and \$15 a month for foreign duty.

The governor said the 60th General Assembly "passed a larger part of our program than the Legislature did two years ago."

He said his biggest disappointment was the House defeat of his proposed speed limit law for autos on the highways.

Explains His Disappointment

"It was my biggest disappointment because it was such a basic matter for highway safety," Stratton said. "Speed is the biggest cause of fatalities in particular and virtually one-half of the accidents." Stratton said he might post highways with speed caution signs in an effort to supplement the present speed law which merely requires that speeds be reasonable and proper.

He said the Legislature gave him "two-thirds" of his highway safety program, adding another 100 state policemen to the 500-man force and creating a full-time safety division. Stratton also expressed regret over failure of his "No. 1" legislative aim, judicial reform.

Discussing his budget, he said the Legislature must have passed 40 to 50 million dollars in bills outside the record-high \$1,700,000,000 budget.

Veto Record Possible

"I may set a record for vetoes," he said, and indicated among those bills outside the budget which concern him are a 12.5 million dollar state employees pay increase, \$780,000 for a state-financed premature baby program, a four million dollar revolving fund for school buildings.

(Continued on Page Five)

Stratton Signs Bills Increasing Unemployment, Workmen's Compensation

SPRINGFIELD (U)—Gov. William G. Stratton today had 814 of the 1,164 bills passed by the Legislature still to act on. He signed measures which included increases in unemployment and workmen's compensation.

Figures released by the Legislative Reference Bureau showed the 69th General Assembly passed 1,164 bills, with 538 Senate bills passed and 626 House bills.

To date, Stratton has signed 325 into law, vetoed 23 and vetoed two in part.

The workmen's and unemployment compensation benefit increase bills were among 15 more bills signed by Stratton Friday.

Unemployment compensation will be boosted from a high of \$27 to a new scale of \$28 for an idled worker with no dependents to \$40 for a jobless man with four dependents.

MINES

TUESDAY'S REPORT:

Walter Clayton, 76, Of Shawneetown Dies

Walter Clayton, 76, resident of Old Shawneetown, died Friday in the Ferrell hospital at Eldorado.

The body will be taken to the family residence this afternoon from the Wright funeral home. Funeral services will be held Sunday at 2:30 p. m. at the Methodist church in Old Shawneetown and burial will be in the Westwood cemetery.

Ask Troops in Austria To Send Families Home

VIENNA, Austria (U)—The U. S. Army used American occupation troops in Austria today to send their families home as soon as possible. The Army newspaper USFA Sentinel said operation of Army exchanges, schools and hospitals will be suspended in the near future. The Army is preparing to withdraw its forces under terms of the Austrian state treaty.

Expects Troops to Leave Japan by 1961

TOKYO (U)—Defense Board Director Gen. Arata Sugihara, Japan's top defense official, said today he expects all American ground troops to withdraw from Japan by 1961. This is the final year of Japan's six-year defense buildup.

U. S. forces are stationed in Japan under the U. S.-Japanese Mutual Security Pact until such time as Japanese forces are strong enough to defend their country themselves. Sugihara made no mention of American air and naval forces.

Mother Dies After Losing Boy Quads

SWANSEA, Wales (U)—A Welsh farmer's wife died today without knowing she had lost all four of the boy quadruplets born to her Thursday night, hospital officials reported.

The quads, born two months prematurely and weighing only two pounds each, died Friday. Their mother, Mrs. Elizabeth Roberts, 37, had been in critical condition since their birth.

Mrs. Roberts is survived by her husband, Robert, 42, and three daughters.

Mother of Two Jumps to Death

NEW YORK (U)—A 35-year-old mother of two children jumped to her death Friday from the 55th floor of a Wall Street skyscraper. The victim, Mrs. Doris Blake, of Wantagh, N. Y., made her fatal plunge from the Cities Service Building seconds before police could grab her from a window ledge.

Police said her husband, John Blake, is employed by a bank. Their two children were staying with relatives in Massachusetts. Police said Mrs. Blake had recently suffered a nervous breakdown.

Americans Victims Of Polio in Korea

SEOUL, Korea (U)—Two American soldiers have come down with polio in the past month, three American civilians are hospitalized with the disease and several other soldiers show symptoms, a U. S. Army spokesman said today. He added, however, that the situation was under control.

Eisenhower is Ready to Cancel Power Project

Expect Decision Next Week on Dixon-Yates Controversy

WASHINGTON (U)—President Eisenhower is ready to cancel the controversial Dixon-Yates contract if the "new look" which he has ordered shows that Memphis, Tenn., really will build a power plant of its own, informed sources said today.

These sources, who have been close to recent developments in the year-long Dixon-Yates controversy, said a decision on the matter should come next week.

Memphis Mayor Frank Tobey said the city has already started work on "the financial, the legal and the engineering work to be done" to build the power plant. He said the city would leave no doubt that "we're going ahead with this plant immediately."

President Eisenhower and his aides, according to these informants, want to be absolutely sure that opponents of the contract have not dodged Memphis into announcing plans for its own plant as a subterfuge to head off the Dixon-Yates arrangement.

Same Position Taken

The same position was taken on Friday by the Senate Appropriations Committee in voting on a \$6,500,000 appropriation for a transmission line to link the proposed Dixon-Yates plant with the government-owned Tennessee Valley Authority.

The committee provided that if the City of Memphis makes a definite commitment within 90 days to build its own plant, the \$6,500,000 power line money may not be spent. If the city does not act in 90 days, the money still may not be spent until the financing of the Dixon-Yates plant is approved and construction begun.

Significantly, it was Sen. William F. Knowland, who as GOP leader is the administration's top spokesman, who suggested the language of the committee's decision.

The Dixon-Yates privately financed plant would be built at West Memphis, Ark., across the Mississippi River from Memphis and would feed power into the TVA system at the Tennessee city. Memphis has said that rather than receive Dixon-Yates power, it would build its own plant to supply its needs.

Controversy Will Continue

It was clear, however, that cancellation of the contract—if that is done—will not end the Dixon-Yates controversy nor stop the investigation currently being conducted by a Senate anti-monopoly subcommittee. Chairman Clinton P. Anderson (D-NM) of the Congressional Atomic Energy Committee said there are "interesting" revelations still to come on the genesis of the contract.

White House Press Secretary James Hagerty said Friday that Budget Director Rowland Hughes will consult with the Atomic Energy Commission, the Tennessee Valley Authority and Atty. Gen. Herbert Brownell over the holiday weekend in the course of the "new look" ordered by Mr. Eisenhower Thursday.

Chlorine Gas Line Breaks in Germany; 50 Hit in East Zone

HERSFELD, Germany (U)—A chlorine gas line broke in nearby Heringen today and police said 50 persons were killed in a cloud of poison gas reported moving across into the Soviet Zone.

Stratton also signed the bills for 1955-57 appropriations for the school aid fund and public aid.

The \$200,600,000 school aid appropriation is the state's share of a formula that guarantees grade and high schools \$200 per pupil per year for operations from both state and local sources.

The public aid appropriation, another of the state's largest, is \$282,000,000.

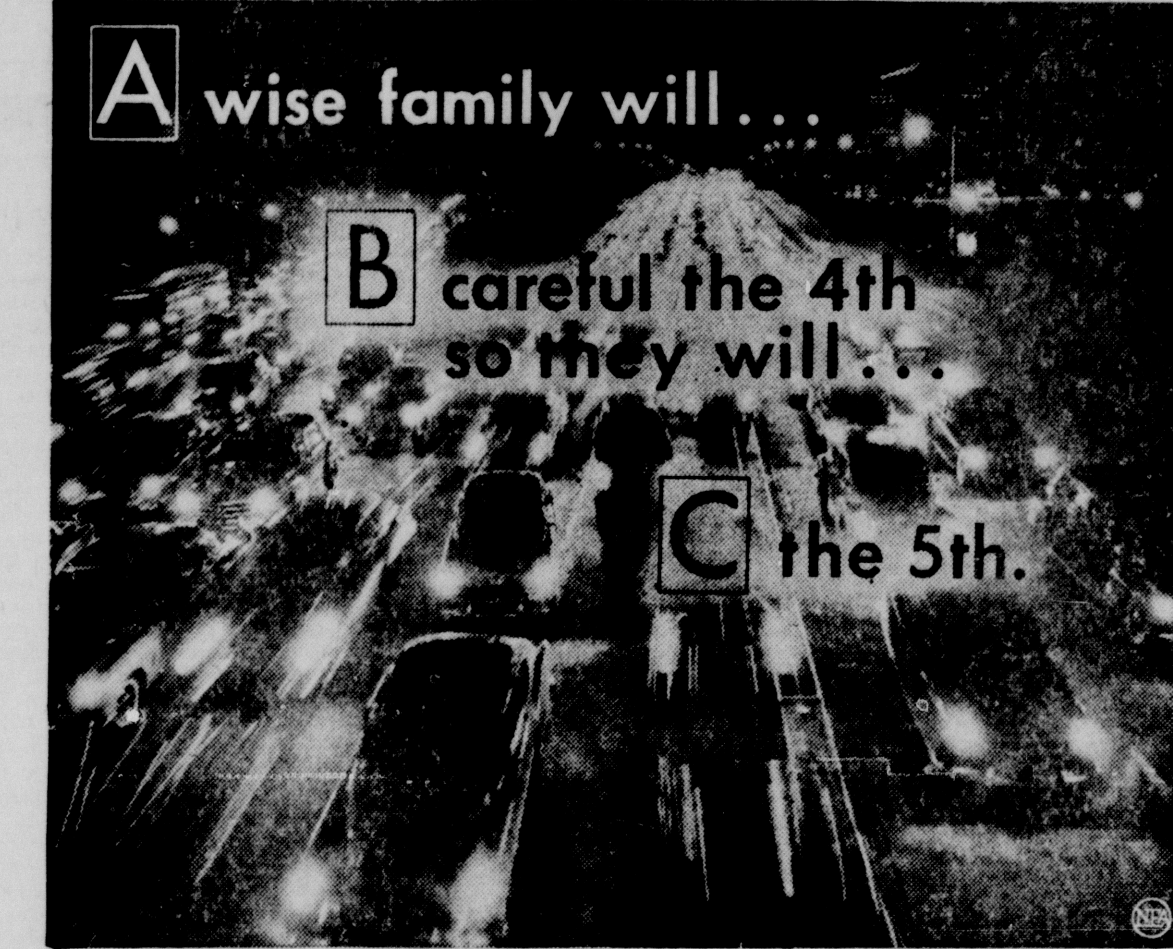

Other bills signed will: Appropriate \$348,000,000 to the State Division of Highways, the state's largest appropriation, for highway building and maintenance.

Extend the time for spending the one million dollars appropriated for Salk polio vaccine to June 30, 1957.

Appropriate \$40,000 to the University of Illinois for studies and preliminary plans for a plant sciences building.

Permit township road districts to issue bonds for road improvements with the bonds to be paid off by state motor fuel tax allocations.

Create an election laws study commission, with \$25,000 for a two-year study.

ABC OF HOLIDAY SAFETY—This year's Fourth of July celebration brings most folks another long weekend. The last one we had was over Memorial Day. In that 70-hour period, 363 people were killed in traffic accidents in the U. S. Drive carefully so you won't become a statistic for the National Safety Council.

OIL REPORT: One Well, Three Dry Holes During Week

Taken from the Robertson Tri-State Oil Report

There was one oil well among the four completions listed for the period ending June 30. W. C. McBride's Nona Carder No. 3, SEC SW SE, 10-8S-7E (Eldorado), where initial production of 80 barrels per day was coming out on pump from the Waltersburg.

Dry were Gilliam's Tison et al Communized No. 1, SEC SW NE, 26-7S-6E (Long Branch); Calvert's C. E. Young No. 1, SW NE SW, 21-7S-7E, and Felmont's E. J. Jones et al No. 1, NE NE NW NE, 31-7S-7E (both Recto).

Other activity: Sunray's Ada Sisk No. 5, SW NE NE, 15-10S-6E (Independence township), was cleaning out to re-perforate the Cypress at 1971-2004, total depth 2452'. Perforated opposite the Aux Vases and fractured, there was no show of oil or gas. Perforated opposite the Cypress and fractured, the hole tested 40 barrels of salt water and no show of oil.

The Bauer-Misener W. M. Gersbacher No. 1, 500 feet south and 500 feet east of NW SE, 2-10S-6E, was drilling with little information available. Ditto for Donald S. Grady's A. Berkl No. 1, SEC SW SE, 27-9S-7E (Cottage), which was waiting on cement for casing to test 32 feet of saturation in the Tar Springs.

Superior Oil's R. Glenn Thomas No. 2, 600 feet north and 400 feet east of SW NE, 25-8S-6E (Raleigh), was rigging up cable tools to test the Waltersburg at 2033-94.

McBride's C. O. Flanders No. 3, NE NE NE, 10-8S-7E, was testing the Waltersburg. Fractured, it flowed eight barrels of oil an hour. Inland's and McBride's Clyde Koker No. 2, NW SE SW, 11-8S-7E, was cleaning out and testing the Waltersburg. It flowed eight barrels of oil a day and lots of gas. Their Koker No. 4, SEC SW SW, 11-8S-7E, awaited cable tools to test the Waltersburg.

Walter Duncan's Cook-Speer No. 7, SW SE SW, 15-8S-7E, tested the Waltersburg and after fracture flowed 411 barrels of oil per day with 33 per cent water.

Inland's A. C. Dale Communized No. 1, 246 feet south and 250 feet east of NW SE NW, 21-8S-7E, was cleaning out to perforate the Waltersburg at 2137-43 and 2158-66.

George and Wrathe's Ezbon Allyn et al No. 1, SW SE NE, 11-9S-7E, awaited cable tools to test the Aux Vases at 2490-2515 and the O'Hara at 2750-65.

John R. Combs' Kenneth Berry No. 1, SW SE NE, 27-9S-7E, was drilling at 1153.

Water Moccasin Found in Bathtub

OKLAHOMA CITY (U)—Police were skeptical when they were called to investigate a "monster" in the bathtub of Mrs. Helen Wolfe but they found one all right—a four foot snake.

They said the water moccasin must have come up the drain from the North Canadian River which runs a block from the house.

Broadway Actress Dies of Heart Attack While Speaking Lines Before Audience

HOLLYWOOD (U)—Broadway actress Isabel Bonner fell dead before 900 shocked playgoers at the Carthay Circle Theater Friday night while speaking her lines in the first act of "The Shrike," a prize-winning play written by her husband, Joseph Krafft. She was 47.

She was playing a hospital ward scene. She had just told her sick husband in the play, co-star Dane Clark, "You look much better today, darling," when she collapsed.

She apparently died of a heart ailment. The play closes as scheduled tonight.

About a dozen actors were on stage in the scene. One said she was speaking the line when she suddenly slumped on the edge of Clark's bed.

Clark put his arm about her and ad-libbed, "Ann, speak to me. Is something the matter? What's wrong, darling, I love you."

He signaled for the curtain to be rung down and the audience thought it was the end of a scene.

The theater management immediately asked if there were any physicians in the house and called police and firemen, who were unable to revive her with oxygen equipment. Three doctors reported to the stage from the audience and she was pronounced dead.

Husband to Arrive

Miss Bonner's husband, at their New York home when she died, was scheduled to arrive in Hollywood by air this afternoon.

Krafft said as he left New York that his wife had complained recently of a muscle pain but did not think it was serious. "I just spoke to her last night," he sobbed. "She said she was feeling fine."

County Historical Society to Meet At Carrier Mills

The Saline County Historical society will hold its July meeting at the Carrier Mills high school Tuesday, July 5 at 6:30 p. m. The program will be preceded by a potluck supper. All members and Carrier Mills friends are asked to bring food, spread it on the tables which will be furnished and enjoy the friendly association that a good meal affords.

The entire program will be devoted to the history of Carrier Mills and vicinity. A number of people interested in and familiar with the community's history have agreed to help in the discussion. Others interested in preserving the history of the community are invited to attend the meeting and add to the discussion. Anyone who is familiar with the community history, anecdotes, traditions, or folklore are invited to come and share his information.

Carrier Mills, Lake View settlement, Battle Ford, and Block House Creek history will be told.

Corliss Carrier will talk of Carrier Mills, its naming, and platting; Mrs. Frank McMahan will tell of the Quaker church and old families of the community; Mrs. Henry Cole (Lagora Taborn) will tell the story of the Lake View settlement; Howard Street will give the history of Battle Ford; and A. A. Stone will lead the congregation in singing "County of Saline," will formulate a quartet for the occasion, and will help with the discussion.

Miss Betty Joiner, 19, is Killed Near Cave-in-Rock

A young woman was killed near Cave-in-Rock about 8:30 p. m. Friday when hit by an automobile.

Miss Betty Joiner, 19 years old, was killed in a highway accident, which happened about half way between Cave-in-Rock and the Elizabethtown intersection. It is reported she was lying on the highway and run over by a car driven by Bernie Hermann of Rosiclare.

Miss Joiner, the daughter of Mr. and Mrs. Bruce Joiner of Hartford, Conn., former residents of Cave-in-Rock, was visiting in Cave with relatives.

The body is at the Rose funeral home, Cave-in-Rock. Funeral plans are awaiting the arrival of the parents who are flying from Hartford and are expected in Cave-in-Rock this afternoon.

An inquest will be held Tuesday at the court house in Elizabethtown. Coroner Porter L. Rose has announced.

Eisenhowers to Beat Heat at Cool Camp David

GETTYSBURG, Pa. (U)—President and Mrs. Eisenhower tried to slip one over on summer today by retreating to cool Camp David in the nearby Catoctin Mountains for the holiday weekend.

The first couple left Gettysburg Friday night after celebrating their 39th wedding anniversary with a picnic supper for White House staff members on the front lawn of their farm home.

They will entertain six couples while at Camp David. The President decided to spend the holiday at the camp because it is cooler and has better accommodations for guests. But White House press Secretary James C. Hagerty said the President may drop by the Gettysburg Country Club for a few rounds of golf before the weekend is over.

White House staff members presented the Eisenhowers a large silver tray and a sofa as anniversary presents. After the lawn party, the Eisenhowers gave their 150 guests a personally-conducted tour of their newly-renovated home.

Reporters were barred from the affair. But Hagerty said Mrs. Eisenhower, in taking the staff members through the house, was anxious to show them where some of their earlier gifts had been placed.

Mr. Eisenhower flew to Gettysburg in his new two-engine commuting plane Friday from Washington where temperatures were in the 90s. He was greeted by a small fry friend at the Gettysburg airport — 2-year-old Timmy Bollinger.

The boy piped, "Hi, Ike," as the President stepped from his plane. Mr. Eisenhower said, "Well, hello, who are you, Davy Crockett?" The President was carrying two paper-bound books and a package—possibly an anniversary gift for his wife.

He was a veteran of World War I. The body lies in state at the Smith and Edwards funeral home in Ridgway and funeral services will be held in the chapel there Sunday at 2 p. m., conducted by Rev. Joe Harris and Rev. James Karber. There will be military rites. Burial will be in the Jackson cemetery.

Three Traffic Deaths in Area

The long holiday weekend has opened with at least three traffic deaths in southern Illinois Friday night.

State police said Ronald E. Jones, 44, believed to be from Red Bud, was killed on Ill. 3 near Ware. Police said Jones tried to pass a car and cut back sharply because of oncoming traffic and his car overturned in a ditch.

A Hartford, Conn., girl was killed when a car ran over her on Ill. 1 near Cave-in-Rock. Hardin County Sheriff William Ferrell said the victim was Betty Joiner, 19, who formerly lived in Cave-in-Rock. Ferrell said Miss Joiner left a car and walked onto the highway and apparently fainted and was struck by the car driven by Bernie Hermann of Rosiclare.

The third southern Illinois traffic victim Friday night was Alvie J. South, 45, rural Marion. Williamson County Sheriff Carl Miller said South was riding with Raymond Norris of rural Marion when Norris' car veered across Ill. 13 west of Marion. Miller said witnesses told him Norris' car was weaving on the road before it veered and was hit by a car driven by Herbert Armstrong of Marion. Norris was reported seriously injured.

For those desiring transportation, there will be free bus service every half hour from downtown Eldorado and Raleigh.

Holiday Will Be Observed Monday

Monday, July 4, which is Independence Day, will be observed as a holiday in Harrisburg.

Businesses and offices which normally close on holidays will be closed Monday. There will be no issue of The Daily Register.

Predict Record 40 Million Autos On Highways

Dearborn Warns Worst Hazards Will Be On Way Home

By United Press
The final wave of outgoing holiday vacationers headed for the hinterlands today as millions of fun-loving Americans took advantage of the long Fourth of July weekend.

The National Safety Council predicted that a record 40 million vehicles would be on the move during the holiday period, causing an all-time high of 380 persons to die in highway mishaps.

But motorists apparently were ignoring the gloomy forecast and exhibiting lifesaving caution during the weekend's early hours.

Traffic accidents killed 53. Three drownings and eight other deaths in the miscellaneous category brought the holiday death toll to 64.

California had the worst traffic fatality death rate, with a total of eight. Indiana and Michigan each counted five; Tennessee and Illinois four; and New York and New Jersey each three.

Ned H. Dearborn, president of the council, suggested prayer to help hold down the traffic toll. He warned that the worst hazards were yet to come when tired drivers clogged highways on the way home.

At Ft. Dix, N. J., soldiers leaving on weekend passes were first shown movies entitled "Coffin on Wheels," "Drunk Driving," "Traffic with the Devil" and "Wanton Murder."

Meanwhile, hot, muggy weather gripped the eastern two-thirds of the nation with widely scattered showers predicted through Monday. Temperatures of 90 or more were common, with Colorado and Texas reporting 100 in several towns.

The weather provided a sunny setting for the millions who flocked to beaches, picnic grounds and ball parks.

But, at Tampa, Fla., it caused two near-disasters. Officials at Tampa blamed a thunderstorm for a \$500,000 fertilizer plant fire and the crash of a jet fighter.

Lightning started the fire at the chemical plant of the Superior Fertilizer and Chemical Co. Rain kept flames from spreading, but two firemen were overcome by smoke.

The storm knocked out the controls of an F4J Marine Corps jet fighter from Miami. The pilot, 1st Lt. B. W. McCauley, parachuted safely from 14,000 feet while the plane crashed into the crowded Tampa Harbor, narrowly missing ships.

Bertis E. Baker, 64, Retired Farmer, Dies at Ridgway

Bertis E. Baker, 64, retired Galatin county farmer, died suddenly at his home in Ridgway Friday.

Mr. Baker, a bachelor, is survived by a sister, Mrs. Joe Foster of Ridgway, and three brothers, Albert and Arthur of Ridgway and Frank of Alton.

He was a veteran of World War I. The body lies in state at the Smith and Edwards funeral home in Ridgway and funeral services will be held in the chapel there Sunday at 2 p. m., conducted by Rev. Joe Harris and Rev. James Karber. There will be military rites. Burial will be in the Jackson cemetery.

Martin and McGill Sell Oldsmobile Agency at Eldorado

Dick Martin and Jimmie McGill have sold their Oldsmobile dealership in Eldorado to Bernard Smith and Cecil Justice.

The new owners will operate the business at the same location on Route 45 south of Eldorado.

Mr. Justice has been connected with the firm eight years, being employed in the office. Mr. Smith, an Eldorado man, has returned from Detroit to join in the business.

The Weather

SOUTHERN ILLINOIS: Partly cloudy, warm and humid today, tonight and Sunday, with occasional showers and thundershowers this afternoon and Sunday. High today 95. Low tonight 72. High Sunday 94. Cloudy, cooler Monday. Low Sunday night 70-75. High Monday 80-85.

Items of Agricultural Interest

4-H'ers Work to Cut Machinery Costs, Repairs

Illinois 4-H members enrolled in
the 1955 tractor maintenance pro-
gram are constantly working to
increase production efficiency on
their farms.

E. I. Pilchard, state leader of
agricultural 4-H clubs, says the
fuel wasted each year through im-
proper carburetor adjustment of
tractors and other farm machinery
would fill a train of tank cars 350
miles long.

Other millions of dollars are lost
each year in repair bills that could
be eliminated by proper care of
machinery, Pilchard points out.
During the past 12 years, 440,000
4-H members and leaders all over
the country have received training
through this program that will help
them cut down these unneeded
losses.

In the program 4-H'ers learn
how to adjust the carburetor, pro-
perly lubricate tractors and other
machinery, service the air cleaner,
care for ignition and cooling sys-
tems, and do many other things
designed to give longer, more effi-
cient use of tractors and other
farm machines. In short, it is a
program of "Care, not Repair."

Funds for leader training, litera-
ture helps and awards for mem-
bers in the 4-H tractor main-
tenance program are provided by the
Standard Oil Foundation, Inc., Chi-
cago. Medals of honor are offered
to four winners in each county
who do outstanding work. The state
winner will receive an expense-
paid trip to the National 4-H Club
Congress in Chicago Nov. 27 to
Dec. 1, and at the Congress 12
state winners will receive national
awards of \$300 scholarships.

The program is conducted by the
Extension Service, and the awards
are arranged by the National Com-
mittee on Boys and Girls Club
Work. You can get full informa-
tion from your county farm ad-
viser.

Sheep Sale July 14 At Dixon Springs

Thirty-seven purebred rams and
10 purebred ewes will be offered
for sale at the 10th Annual Dixon
Springs Sheep Sale scheduled for
Thursday, July 14, at the Dixon
Springs Experiment Station near
Robbs, Illinois.

J. M. Lewis, assistant superin-
tendent at the station, reports that
these rams and ewes are all from
experimental breeding flocks at
the station. The breeding work
has been aimed at improving the
meat-producing qualities through
selection for heavy leg of lamb,
wide backs, general smoothness,
fast gaining ability, and good liv-
ability. Improvement of wool has
been the basis for selection in
some lines.

Of the 37 rams, 10 are Hamp-
shires, 19 are Suffolks and 8 are
Targhees. Four Hampshire and
six Suffolk ewes will be auctioned.
A program on sheep raising will
start at 10:30 a. m. at the sheep
headquarters, and the auction will
start at 1 p. m.

BIBLE THOUGHT FOR TODAY
I have set Jehovah always before
me, because he is at my right hand
I shall never be moved.—Psalm
16:8.

A firm faith will keep him there
for our protection and delight.

PEACE IN THE ANIMAL WORLD—"Bitzy," the fox terrier, takes
over baby sitting to give "Miss Fancy," the cat, a rest. And Bitzy
doesn't seem to mind one bit having a few kittens crawl all over her.

This Week at
DIXON SPRINGS
University of Illinois Experiment Station

(A round-up of the week's
work, activities, and observa-
tions at the University of Illi-
nois Dixon Springs Experiment
Station near Robbs in South-
ern Illinois, prepared by the
Station's staff.)

Anhydrous Ammonia on Corn

Sixty pounds of nitrogen in the
form of anhydrous ammonia is be-
ing applied per acre to about 80
acres of corn around the sheep
barn. The corn is approaching sil-
lage, and additional nitrogen seemed
advisable to George McKibben in
order to keep it coming along rap-
idly. This corn is in the new re-
novation plan of corn, small grain
and four years of pasture. The corn
will be removed for silage later in
the summer. The field will then
be seeded to winter oats and grass-
es.

Is It Getting Too Late for Corn?

In staff meeting last week we
decided to continue planting corn
through the month of June. How-
ever, we realized that facilities
must be available to put corn plant-
ed after June 15 into the silo be-
cause frost will probably catch it
before it is dry enough to husk.
In a few instances we are changing
to earlier maturing corn, but for
the most part we are staying with
our proved good yielders, which in
general are full-season varieties.

Clipping Spring-Seeded Pastures
This has been one spring that
has gone against the average. Ex-
cept for the setback due to the late
freeze, spring seedings are looking
good. However, we notice that
weeds are also growing rapidly. We
are clipping these new seedings
about 6 to 8 inches high. We are
doing it before the weeds go to

seed and before they take mois-
ture and interfere with pasture
growth. A few days after clipping,
the pastures look exceptionally
good.

Lambs to Pasture or Pasture to Lambs?

Sixty ewes and their lambs are
having their pasture chopped and
hauled to them this summer. This
has been going on since late April.
But apparently they still prefer
leaves of clover and alfalfa to the
stems and coarser stuff because
they pick out the leaves, and the
coarser material has to be thrown
out. Ewes and lambs on Ladino
pasture are eating only the leaves
and are doing very well on them.
Has us wondering who's fooling
whom. Stuff that is no good to
eat is no good, whether it's chop-
ped or unchopped.

Deep-Tillage Plots Planned

After a long wait on the weather
man, lots of sweat, a little blood
and a few tears, the deep-tillage
plots are planned. Randy Bogges,
George McKibben and all the crew
they could tear loose finally con-
quered the job. The mulch plant-
er, wide-row planter, regular plan-
ter and plow-planter have all
done their jobs with and without
deep tillage and with and without
heavy fertility. Sounds complicated
—and is—but we're anxiously
awaiting results. We believe we
can figure it all out and learn
some interesting things.

U. I. Economist Looks at Future

Here's the way farm economist
L. J. Norton sizes up the economic
future of agriculture over the next
10 years. Norton is head of the
department of agricultural econom-
ics at the University of Illinois Col-
lege of Agriculture.

"Over the next ten years we may
expect at least one recession, per-
haps more severe than the 1949-50
and 1953-54 varieties, but nothing
comparable to that of the 1930's."
Farm prices can be expected to
average within the range of
235 to 275 percent of the 1910-14
average, or slightly higher than at
present. Costs will continue high.
The parity ratio will range be-
tween 80 and 100 and perhaps av-
erage 90. The income position of
agriculture will not be as favorable
as it was during 1947-48 or during
1951-52.

"There will be steady pressure
on farmers and landowners for
greater efficiency. Some marginal
lands will be abandoned, and many
marginal farmers will find it rough
going."

"It will be a period when credit
can be safely extended on an in-
telligent, conservative basis to op-
erating and beginning farmers who
have access to an adequate amount
of productive land. Loans to small
farmers and poor managers will be
sticky. Higher living costs will
absorb much of the net income of
such operators and leave little for
capital accumulation or debt reduc-
tion."

4-H Club News

The Junior Homemaker 4-H club
met at the home of Mrs. Louise
Gaskins, the leader, recently. For
roll call each gave the 4-H pledge.

Kathy Morris gave a talk, "You
Learn to Sew," and Sara Beth
Rice, Rose Marie Stain and Mary
Harold each made a flower ar-
rangement of day lilies suitable
for the living room.

Each girl made an ice cream
soda of her choice which was
served with cookies. Others present
were Madeline Melton, Linda Nol-
en, Patty Stone and Ruth Ann
Bramlet.

The next meeting will be July 5.

Illinois Population Growing, Changing

URBANA—A few more people
are living in the country today
than were there in 1920, but only
about three-fourths as many are
farming. This is one of the main
shifts that has taken place in Illi-
nois population.

In 1920 Illinois had more than
a million farm people, who made
up a sixth of the total population.
By 1950 the number had dropped
to about 750,000, and the propor-
tion had dropped to one-twelfth.

Country dwellers who did not
farm, on the other hand, increased
in number—from just under a mil-

lion in 1920 to nearly a million and
a half in 1950. This group makes
up about a sixth of the state's pop-
ulation, just a little larger share
than in 1920. Farm and rural
nonfarm groups were about the
same size in 1920. Today the non-
farm group is twice as big as its
country neighbor.

C. L. Folse, University of Illinois
rural sociologist who reports these
figures, says the most rapid change
took place in the last ten years of
the 30-year period. He believes
the trend has continued even fast-
er since 1950.

Farm population declined 20 per-
cent in the 1940's alone. In Pope
County the loss reached as high
as 40 percent. In Boone County
it was only 5 percent. In the same
period, rural nonfarm population
went up 30 percent.

Most of the increase has taken
place on the edges of the big
cities. But Folse says this doesn't
explain all of the shift. Many
people are moving into the open
country, a long way from the city,
and many counties that have no
industrial centers are getting an
increase in rural nonfarm people.

In the official count, folks who
live in villages and towns of less
than 2,500 population are defined
as rural. But these centers are
losing population, Folse says.
Throughout the state small villages
gained only 4 percent, but the
nonfarmers living out in the open
country increased 70 percent. This
increase varied widely—from 20
percent in Macoupin to 200 per-
cent in Madison County.

How has this affected popula-
tion distribution over larger areas?
In 21 counties, Folse reports, the
rural population gained more from
folks moving in than from increas-
es caused by births. In 13 coun-
ties more people moved out than
moved in, but births kept the
population about even. In 68 coun-
ties there was a net loss in popu-
lation, even though the rural non-
farm population increased. The
loss in farm population was great-
er than the increase in rural non-
farm and from births put together.

A six-year pasture rotation plan
in operation at the Dixon Springs
about these problems before they
Experiment Station helps to re-
duce forage loss from drought, over-
grazing, insect damage and lower-
ed fertility by doing something
have a chance to cause serious
damage.

The Illinois Rural Safety Coun-
cil reports that 90 percent of the
lightning damage occurs in rural
areas.

Vacationers Urged to Prevent Forest Fires

Illinois families planning vaca-
tions in the national parks and
forest areas of the country this
year are urged to appoint them-
selves forest fire preventers.

A report from the U. S. Depart-
ment of Agriculture states that
forest fire damage on national
forest areas last year amounted
to \$3.7 million. Of the 7,369 forest
fires that were reported, 3,425
were caused by careless people.

Vacationers, especially those who
plan to camp outdoors, are urged

to observe all regulations regard-
ing campsites and the use of open
fires.

22nd Annual Barter Reunion Held at Spring Grove Church

The 22nd Barter reunion was held at Spring Grove Methodist church in Williamson county Sunday, June 26. This was the church where the grandparents and parents of the family members attended years ago. The Barter have met at this church for 22 years and many relatives and friends were present to enjoy the delicious picnic dinner spread on the long tables in the beautiful shady grove.

It was an ideal day, the weather was pleasant and many relatives came from Nebraska, Texas, Wyoming and Kansas. The day was spent in visiting, greeting relatives and friends.

John C. Small, chairman, called the reunion together in the church for a short program and business meeting. Two songs, "Jesus Keep Me Singing," and "Faith of Our Fathers," was sung by the congregation. Mrs. Nell Barter led in prayer. The program consisted of solos, quartet singing, readings, congregation singing and interesting talks by relatives and friends of the family.

Minutes of last year's reunion were read and greetings were read from those who could not be present. Two deaths reported since last year were those of Miss Lizzie Barter, Marion, Ill., and Mrs. James B. Small, Arlington, Va.

Officers for the 1956 reunion were elected and are as follows: Mrs. Mae Miller, president; Miss Nellie Barter, secretary; O. E. Barter, treasurer. John C. Small is retiring president.

Rev. Ward Barter led in prayer. Those present were Jess Arnold, Omaha, Neb., Mrs. Eva Enoch, Harrisburg, Mr. and Mrs. Otto Stone, Harco, Mr. and Mrs. John C. Small, Galatia, Mr. and Mrs. Ray Mazingo and little daughter, Mary Joice, Dallas, Texas, Mrs. Mae Miller and mother, Elizabeth Legan, Harrisburg, Joe Small, Galatia, Mr. and Mrs. Bob Absher, Carrier Mills, J. C. Absher, Carrier Mills.

Miss Mary Margaret Small, Galatia, Mr. and Mrs. Harry Horning, Harrisburg, R. E. Barter and granddaughters, Carla June Barter and Julia Ann Barter, and grandson, Robert Barter, Earl Williams, Mr. and Mrs. Dwight Thomas and daughter, Sally and Susan, Taylorville, Miss Nellie Barter, Harrisburg, Mr. and Mrs. Jewel Dean Barter and son, Jeff, Harrisburg.

Mr. and Mrs. H. B. Barter, Harrisburg, Mr. and Mrs. G. O. Davernport, Harrisburg, Rev. and Mrs. Ward Barter, Powell, Wyo., Mr. and Mrs. Tom Barter, Metropolis, Mr. and Mrs. Lowell Vinyard and David and Marry, Topeka, Kan., Mr. and Mrs. Jewell Barter, Harrisburg, Mr. and Mrs. O. E. Barter, Harrisburg, Mrs. Sula Williams, Carrier Mills, Mr. and Mrs. John Vaughn, Mr. and Mrs. Lester Upchurch, Raleigh, Mrs. Agnes Barter, Harrisburg.

Mr. and Mrs. Ray Mazingo and daughter, Mary Joice, of Dallas, Tex., were guests last weekend of their cousin, Nellie Barter, and other relatives in Harrisburg. The Mazingos attended the Barter family reunion, returning to their home Thursday.

Mr. and Mrs. William D. LaBaw and children, David and Patty Lou, of Detroit, Mich., are visiting in Harrisburg over the week-end holidays with Mrs. Louise LaBaw, 31 West Park street.

Hospital Notes

Harrisburg Hospital
Admitted:
Bill Williams, RFD 2, Carrier Mills.
Mrs. Dorothy Tucker, Cave-in-Rock.
Mrs. Ida Ford, 1417 South Webster.

Births

Baby girl named Janet Ann to Mr. and Mrs. Vernon Ford, 1417 South Webster, born July 2 at Harrisburg hospital. The mother is the former Ida Marie Goolsby.

Marriage Licenses

John F. Gibson, 50, Chicago, and Halcen Miller, 49, Harrisburg.

Nationalists Alerted To Seize Tanker

TAIPEI, Formosa (UP) — The Nationalist Chinese Navy has been alerted to seize the Soviet tanker Granzey if it attempts to run the Formosa Straits, authoritative sources said today.

The 10,000-ton tanker was last reported to have disappeared off the Philippine coast. It anchored mysteriously off a small Mindanao coastal town Thursday and was reported an appendectomy was performed on one of the vessel's waitresses.

Ecuador Grants Powers to President

QUITO, Ecuador (UP) — The State Council granted extraordinary powers to President Jose M. Velasco Ibarra today to cope with the emergency brought on by a strike of 7,000 railwaymen.

The president was given power to strengthen the armed forces and establish martial law if necessary to quell disorders resulting from the strike.

The strikers are demanding immediate payment of back wages. The army took over control of the country's chief railway line yesterday when efforts to end the four-day walkout failed.

OUR MEN IN SERVICE

Mr. and Mrs. Robert Maddox Sr. have returned to their home at 105 East Ford street, following a trip to Kentucky, where they visited relatives and friends in Central City, Aberdeen and Beaver Dam.

Emma Lou Gates, WAC who has been stationed at Lockland Field, Texas, is visiting her parents, Mr. and Mrs. Everett Gates, RFD 1, and will report next week to Montgomery, Ala.

Mrs. Allie Gollmer has been called to Kalamazoo, Mich., by the illness of her daughter-in-law, Mrs. James Gollmer. She is the former Mildred Hull, daughter of Mr. and Mrs. Granville Hull of this city and is seriously ill with a throat ailment.

Mrs. Allie Gollmer has been called to Kalamazoo, Mich., by the illness of her daughter-in-law, Mrs. James Gollmer. She is the former Mildred Hull, daughter of Mr. and Mrs. Granville Hull of this city and is seriously ill with a throat ailment.

Calendar Of Meetings

Circle A of the W. M. S. of the McKinley Avenue Baptist church will meet Wednesday at 1:30 p. m. with Mrs. Pearl Hancock, 220 West Raymond street.

Rev. H. L. Waters, Baptist minister, will be in charge of the W. C. T. U. radio broadcast over WEBQ Monday from 7:45 to 8 p. m.

Sen. Russell to Seek Revisions In Reserve Bill

By United Press
Sen. Richard B. Russell (D-Ga.) said today he will try to revise the administration's compulsory military reserve bill which passed the House Friday.

Russell is chairman of the Senate Armed Services Committee. He said he would urge the committee to amend the administration measure to put reserve service to veterans on a voluntary basis and to include the National Guard in the reserve program.

The administration bill would make reserve service compulsory. It also excluded the National Guard after an attempt was made to amend the program to bar racial segregation in guard units.

Russell said it is unrealistic to have a reserve program that does not include the 27 guard divisions. He said the matter of ending segregation in them should be left strictly to state governors who are commanders-in-chief of their guard units.

Russell also objected to forcing veterans to serve in the ready reserve when "there are thousands who have no military service at all." But he said he hopes to devise a plan that will make it attractive to veterans to volunteer for reserve service.

Language of the Tarascan Indians of Mexico has no known kinship with any other Indian tongue.

Floods from Three-Inch Rain Cause Train Derailment

COFFEEN, Ill. (UP) — More than three inches of rain over this southeast part of Montgomery County and all of Fayette County today caused widespread flash floods and crop washouts. Flood water caused the derailment of a 79-car Nickel Plate railroad freight near here Friday night.

Thirty-two of the 79 cars on the train left the tracks when two lengths of the tracks were undermined by a flood near Chapman. The cars started leaving the tracks as the rear trucks of the second steam engine passed over the washout.

The washout was at Harvey Branch, normally a dry-stream bed with a small culvert under the railroad tracks.

A second railroad mishap occurred when the "wy" connecting the tracks of the two railroads at Charleston caused derailment of two cars and halted traffic there for about four hours.

Four cars went into the cutout left by the rains, including one car of new wheat, a covered gondola, a car of tin cans and an empty boxcar. The washout and wreck tore out 300 feet of track. Five section gangs and two cranes which came from Charleston and Madison were enroute to the wreck.

Slow Starters
Walnuts rarely begin bearing fruit before five years, but the trees are long-lived and bear with increasing abundance. Many California walnut trees are 50 years old.

For best results when painting a wall, use semi-circular strokes until you're within about six inches of a window or door frame. Then work with vertical strokes to within one inch of the frame. Turn the brush sideways and finish with long, steady strokes.

MASTERY IN CHANCERY SALE
In the Circuit Court of said County.
Mabel Parker, Plaintiff, vs. T. A. Steele, Violet M. Steele, Warren H. Leberman, Jack E. Barnett, administrator of the estate of G. R. Barnett, deceased, Defendants.
No. 55-C-24

PUBLIC NOTICE is hereby given That, in pursuance of a decree entered on the 12th day of April, 1955, by the said Court in the above entitled cause, I, the undersigned Master in Chancery of the said Circuit Court of Saline County, Illinois, will, at the hour of one o'clock P. M., on Saturday, the 23rd day of July, 1955, at the south front door of the Court House in the City of Harrisburg in said Saline County, sell at public vendue, to the highest and best bidder, the following described real estate, situated in the City of Harrisburg, in the County of Saline and State of Illinois, to-wit:

The South One Hundred Twenty-six (126) feet of Lot One (1) in Block Six (6) in Wilson and Feazel's Addition to the Town (now City) of Harrisburg, being a part of the Northeast Quarter of Section Sixteen (16) in Township Nine (9) South, Range Six (6) East of the Third Principal Meridian. Terms of sale: Cash.

Dated at Harrisburg, Illinois, this 27th day of June, 1955.

B29s Search for Missing Fliers

TOKYO — The U. S. Air Force sent two long range B29 Superfortress search planes to look for the two missing Marine fliers today in belief they may have drifted far out in the northwest Pacific.

A seventh day of "maximum" air-sea effort that has taken the lives of two searchers was ordered for Sunday though no trace of the two missing men has been found and hope for their survival was growing dim.

The two missing men were Capt. Hodgen P. Montague, 26, Jackson, Miss., and 2nd Lt. David Bell, 24, Wayzata, Minn., who crashed at sea last Sunday.

Accuse Two Boys Of Drowning Two To Steal Bicycle

PHILADELPHIA — Police held two boys on homicide charges today and accused them of pushing two other boys to their death in the Schuylkill River to steal a bicycle from them.

Police arrested Theodore Armstrong and Joseph Ryan, both 12 years old, Friday, about one hour after two other boys were drowned in the river.

The drowning victims were Adolph Sincavage, 13, and Ellis Palmer, 10, who at first had been thought to have fallen into the river while fishing on a rocky ledge near the Philadelphia Art Museum.

Moscow Papers Laud Eisenhower

MOSCOW — The official Communist newspaper Pravda lauded President Eisenhower today for his Wednesday press conference statements on changing the Cold War to a battle for peace.

The Pravda editorial came after a remarkable and unusual display of fair play and objectivity by Soviet newspapers in handling his press conference statements.

Friday all leading papers carried more than a full column of excerpts from Mr. Eisenhower's statements, completely without comment or even the usual "alleges."

CATCHING — Lynn Ann Elliott shows, among other items, a tasty snook she landed off Miami Beach. Lynn is queen of the Miami Beach Summer Fishing Tournament, July 4-Sept. 5.

Eldorado to Play Carterville Sunday, Norris City Monday

The Eldorado baseball club will host Norris City Monday afternoon in a game at the Raleigh park diamond, starting at 2:30 p. m.

Bartnicki and Johnson will be the battery for Norris City and Woolard will pitch for Eldorado with Fequay as his receiver.

Sunday Eldorado plays at Carterville.

The southwest corner of the cellar usually is the safest place in a home during a tornado.

12 Bills Vetoed, 27 Signed by Gov. Stratton

SPRINGFIELD — Gov. William G. Stratton Friday vetoed 12 bills, including one to create an Illinois Economic Development Commission, even as the Legislature passed hundreds of other measures in the adjournment rush.

Stratton also signed 27 bills into law, including one to require new trucks and busses sold after July 1, 1956, to be equipped with directional signals.

The 11-member Economic Development Commission was proposed to study means of improving economic conditions in Illinois, particularly in southern Illinois, and to encourage industry to settle in the state.

Stratton said he vetoed it because it had "substantially the same" purpose as a new division of industrial planning and development in the Department of Registration and Education. He has already approved the bill for the new division.

Other bills vetoed would have: Created a commission to study the feasibility of transporting water from Lake Michigan to downstate areas. The bill was sponsored by Rep. C. R. Ratcliffe (D-Berksdown) and was aimed at solving downstate water shortages.

Required that architectural plans for all public buildings include specifications providing for the heating of such buildings by coal, oil, gas or electricity. The bills were designed to promote the slumping Southern Illinois coal industry.

Granted state employees with 15 years service an automatic three week vacation.

Made it a misdemeanor to send obscene messages by telephone or telegraph.

Bills signed into law will: Increase from \$30 to \$35 the amount of weekly salary exempt from garnishment.

Allow non-high school territories, where land was granted prior to Illinois' admission as a state, to continue as non-high school territories.

Provide for the election of three members, to replace justices of the peace, to serve with the supervisor and town clerk on the township board of auditors.

Regulate cemetery associations under the auditor of public accounts, instead of county judges. Authorize the Chicago Sanitary District to levy taxes up to 20 million dollars annually and to pass a supplemental appropriation ordinance for 1955.

Authorize the University of Illinois board of trustees to use some student fees and tuition money to pay off construction bonds for residence halls and other buildings.

Authorize school boards to establish and maintain with state aid special facilities for mentally handicapped children.

Require identification cards to purchase liquor and authorize county clerks to issue the cards at a \$2 fee.

Permit school districts to participate in the federal exchange teachers program.

Spiral Waterfall. Auger Falls, south of Filer, Idaho, has a peculiar formation of the rock in the river channel which causes the water to descend in an apparent spiral.

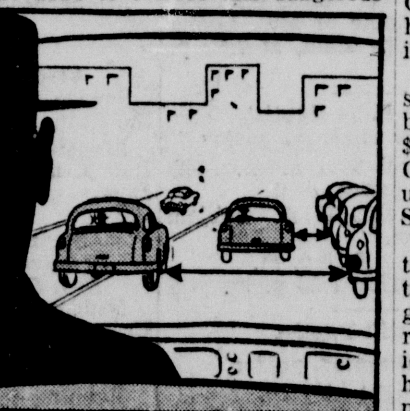

Most animals have keen eyesight in detecting motion.

Tips on Traffic Safety

By CHARLES F. CARPENTIER
Secretary of State

Many collisions have resulted when drivers stay too close to the left edge of their traffic lane. They do it to make sure they have enough room on the right, but actually they are crowding traffic in the other lane and frequently move right into that other lane.

There are two things that may be done to correct this dangerous

habit. On the highway, look far ahead instead of watching the road close to you. If you aim far ahead and steer at your target, your car will travel "on center" in your own lane. The lower part of your vision will take care of the left and right edges of the lane.

In city traffic, note the position of the car ahead of you. If that car is far to the left, notice all the extra room he is leaving on the right, room which you can use without any danger of hitting parked cars. If he is in the proper position, notice that he still has ample room on the right, and line your own car up with his.

A copy of the completely new "Rules of the Road" booklet will be sent to you free upon request. Write to CHARLES F. CARPENTIER, Secretary of State, Springfield, Illinois.

Schedule of Kiwanis Games For Next Week

Following is the Kiwanis baseball league schedule for July 5-8:

Monday

No games because of holiday.

Tuesday

1 p. m. — Auto Trimmers vs. James, town park; 3 p. m. — Dairy Brands vs. Dodgers, town park; Nick's Cafe vs. Sugar Creek, Taylor Field.

5 p. m. — DX Chiefs vs. Sahara Coals, town park; Jukes vs. VFW, Taylor Field.

Wednesday

1 p. m. — Jukes vs. Wildcats, town park; 3 p. m. — Pankey's Bakery vs. Cubs, town park; Dairy Brands vs. Dodgers, Taylor Field.

5 p. m. — Walker's vs. Ronnie's, town park; Athletic House vs. Carrier Mills, Taylor Field.

Thursday

1 p. m. — Cokes vs. Tigers, town park; 3 p. m. — Auto Trimmers vs. Sugar Creek, town park; James Bros. vs. Nick's Cafe, Taylor Field.

5 p. m. — Tigers vs. DX Chiefs, town park; Carrier Mills vs. Athletic House, Taylor Field.

Friday

1 p. m. — Cokes vs. Sahara Coals, town park; 3 p. m. — Pankey's Bakery vs. Dodgers, town park; Cubs vs. Dairy Brand, Taylor Field.

5 p. m. — Ronnie's vs. Athletic House, town park; Walker's vs. Carrier Mills, Taylor Field.

Pankey's, Wildcats Win Kiwanis Tilts

By David Nelson

Pankey's Bakery slaughtered Dairy Brand, 22-5, and the Wildcats defeated VFW, 12-7, in the only Kiwanis league baseball games played Friday.

Hunt, Pankey's pitcher, allowed only three hits and collected four himself to lead his team to a 22-5 victory over Dairy Brand. Pankey's racked up eight runs in the first, four in the second, four in the third and six in the fourth. Dairy Brand scored three in the first and two in the fifth. For the winners at bat, Gibbons had four safeties, Adams three, Holland two, and Potter, Wunderlich, Boone and Warmelink one each, to round out the 17-hit attack.

Morgan had two hits for the losers and Young collected their other safety. Anglin was the losing pitcher.

E. Henshaw collected three safeties to lead the Wildcats at bat, and allowed seven runs on six scattered hits as his team won, 12-7. The Wildcats scored four runs in the first, two in the third and three in the fourth and fifth innings. VFW tallied five in the first and two in the fifth. L. Henshaw and J. B. Henshaw with two hits each, and Josey, Elam, Langford, Ozeo, and Patton had one each, to round out the winners' 12-hit attack. M. Hancock led the VFW at bat with two safeties and Nelson, Stone, Feazel and Kane had one hit each for the losers. Nelson was the losing pitcher.

Stratton Indicates Veto of Korean Bonus

(Continued from Page One)

ing, and the bill to give legislators \$1,000 a year raises.

Stratton said his 137 vetoes in 1953 was a record.

Stratton said he is proud of the appropriations and plans for schools, welfare, prisons and youth commission institutions which the legislature approved.

He said there will be "some" new mental hospital beds constructed in the next two years, and considerable repair work at Galesburg mental hospital, which he praised as "one of the best in the country."

He said "Menard, Pontiac and some of the other old prisons will be made better and \$800,000 to \$900,000 will be spent at Geneva Girls School next year to fix it up."

Says City Helped

The governor said his administration had done more for cities than any other. He said "we have given them the means to raise the revenues they need to provide services, to take care of the home rule, and the responsibility of office with the city officials."

Stratton said he will meet with the Illinois Toll Road Commission next Friday and predicted the program will go ahead despite legislative criticism. He said "by this time next year this will be one of our most successful programs."

Asked if he had decided to "retain or fire" Evan Howell, much-criticized toll road commission chairman, Stratton said: "If I see that any of these people are slowing up the program, interfering with the program, I'd let them go overnight no matter who it was, but until I see that this is so, I will not replace anyone."

The reporters thought it was the strongest indication yet that Stratton has considered replacing Howell.

Audubon Park Raceway Holds Opening July 4

Audubon Park Raceway comes alive as the show place of harness racing next Monday when the attractive half-mile plant in Henderson, County, Ky., adds to the July 4th celebrating with an inaugural 26th meeting.

The million-dollar plant overlooking the beautiful Ohio river has become a reality as a 15-year dream of Francis G. Stader, president-general manager, and he is ready to open his doors to the sulky citizens of Indiana, Kentucky and Illinois.

Approximately 400 horses are on the grounds today and that figure will swell to capacity of 600 by early next week.

An attractive nine-race card has been prepared by Racing Secretary Johnny Jenuine, who arrived this week after completing a similar assignment at Speedway Fairgrounds in Louisville.

Post time for the first race Monday is 8:30 p. m. and will continue for the balance of the meeting. Daily Double windows will open nightly at 8:00 p. m.

An upward crowd of 7,000 is expected for the gala debut and hundreds of thousands more will see the action when WEHT-TV of Henderson sends out the featured state race at 10 p. m.

Audubon Park Raceway's purse value in stakes and overnight events will be \$175,000 and has attracted some of the top trotters and pacers in the country.

Ultra-modern in design and comfort, Audubon Park Raceway becomes the 34th pari-mutuel harness track in the nation and the second in Kentucky.

The plant, located five miles north of Henderson, has a 2,500 seat grandstand with a twin-deck air-conditioned press box and judges stand.

The grandstand seats are finished in multicolors of pink, blue, green and yellow.

An air conditioned clubhouse is the home of the Audubon room where 300 persons can be seated for dining. Dinner will be served nightly from 6 p. m. until 8 p. m.

Picturesque is an appropriate adjective for Audubon Park Raceway's landscape. An infield lake winds behind the long-slung tote board and the track proper is wrapped with an eight-foot white fence.

Twelve barns — equipped with electric lights and plumbing facilities — fill the back stretch. Elmer Kriemeyer is paddock judge and barn manager.

Local Coal Belt Team to Play Two Weekend Games

Harrisburg's entry in the teenage Coal Belt baseball league will play two games over the weekend. Sunday afternoon Harrisburg plays at Johnston City and Monday, July 4, Benton will play on the Harrisburg diamond.

League officials have announced plans for an all-star game to be played Saturday, July 16, at Marion. The league has been divided into northern and southern groups. Teams will be organized representing the north and south, with four players, plus a pitcher, selected from each team.

Harrisburg is in the southern group, along with Marion, Carbondale and Anna. The south team will be managed by Yancey of Carbondale and Sowsels of Harrisburg. Janco of Johnston City will manage the northern team, to be selected from Herrin, Johnston City, Christopher and Benton.

Team Standings

Benton W 5 L 1 Pct. .833

Carbondale 2 1 1 .666

Christopher 3 2 0 .600

Johnston City 1 1 1 .500

Marion 2 3 0 .400

Harrisburg 1 2 2 .333

Anna 1 2 3 .333

Herrin 1 4 2 .200

Stars to Play Johnston City And Mt. Carmel

The Harrisburg Stars face a full weekend of baseball, with games away from home both Sunday and Monday afternoons. Sunday the Stars travel to Johnston City and Monday will play at Mt. Carmel.

Don Wallace will start the Sunday game at Johnston City, with Al Bledig doing the catching. Others seeing action will be Shewmaker, Cowger, Ziegler, Sisky, Smith, K. Nolen, Harrison, Rauh and J. Nolen.

The Stars, going into this weekend of action, have a season's record of five victories and two losses.

The next home game for the Stars is listed for Sunday, July 10, when they will be host to the Mayfield, Ky., Colored Black Hawks, one of the strongest Negro ball clubs in this area.

All players making the trip to Johnston City Sunday will meet at the town park diamond at 12:30 p. m.

Guatemala President Invited to Visit U. S.

WASHINGTON (AP) — President Eisenhower has invited President Carlos Castillo Armas of Guatemala to visit the United States this autumn.

The exact date will be decided later in accordance with the schedules of the presidents of the two countries.

A White House announcement said that "this will be the first official visit to the United States of Castillo Armas, who led the successful movement to overthrow the Communist-dominated government of Guatemala just a year ago."

Early Wynn Blanks White Sox, 1-0, for Fifth Shutout, Tops in Majors

By CARL LUNDQUIST
United Press Sports Writer

By almost every yardstick, burly Early Wynn measured up today as the best pitcher in the American league — perhaps in baseball.

The Cleveland right hander chalked up his fifth shutout — tops in the majors — and his third in a row Friday night, blanking the second place White Sox, 1-0, on six hits as Larry Doby hit a fifth inning homer for the winning margin.

There were these things also to consider about Wynn. He now has an 11-2 mark, best in the American league and surpassed only by Don Newcombe's 13-1 figure for Brooklyn in the National. He beats the good clubs. In his string of shutouts prior to Friday night he scored his third victory of the season last Sunday with a four-hit job against New York.

That marked the third time Wynn had beaten the Yankees, more than any other pitcher. The only club which has beaten him is Boston with two triumphs. He has beaten every club now including Baltimore and Kansas City twice and Boston, Washington, Chicago and Detroit once.

The victory over Kansas City was achieved in a duel with lefty Billy Pearce, who suffered his fifth defeat. It was the sixth straight loss for the White Sox, who now are only half a game ahead of the third place Indians.

Yankees Stretch Lead

The Yankees took a 6-1-2 game first place lead with a 7-2 triumph over Washington in which Whitey Ford won his 10th game and Bill Skowron set the hitting pace with four runs batted in on a double and two singles. Andy Carey blew the game wide open with a two-run homer in a four-tally rally in the fourth.

Kansas City came home to a big welcome and rewarded the fans with a 3-2, 7-5 sweep over the

Tigers. In the opener Bill Wilson and Joe Astroth hit homers to give Cloyd Boyer his fourth victory and in the second game the Kansas Cityans put on a seven inning rally in the seventh. Vic Power led it off with a homer and the other big blow was a three-run double by Wilson.

The Red Sox sent the Orioles down to their 10th straight defeat in 13 innings, 4-3, when Norm Zaichin bit his 16th homer of the season. Ellis Kinder picked up his second victory with three hitless relief innings.

Pirates Beat Brooklyn

In the National league, Vern Law pitched and batted Pittsburgh to a 3-2 victory over Brooklyn, driving in a run with a single and holding them to seven hits. The Cubs cut Brooklyn's lead to 12-1-2 games with a home-run slugging victory over the Cardinals that included a grand slammer by Gene Baker and other route clouts by Hank Sauer, Randy Jackson, and Ernie Banks. Cincinnati also let go with a home run barrage in a 14-2 triumph over Milwaukee that strengthened its hold on fourth place over the New York Giants, who blew a 9-3 decision to the Phillies.

Ted Kluszewski hit his 14th homer for Cincy to tie Duke Snider of Brooklyn for the major league lead and Smokey Burgess, Gus Bell and Wally Pate also homered. Joe Adcock hit one for the losers.

Robin Roberts won his 11th game and his fourth in a row over the Giants when the Phillies put over five runs in the eighth inning, two on a single by Mervyn Mayfield, one on a passed ball by Wes Westrum on a Hoyt Wilhelm knuckle pitch in which he struck out Del Ennis and two on a double by Jim Greengrass.

WANT ONE
GOOD REASON?

Of course you "ought to go to church," you say.

But, you keep putting it off. Then here's just one of the many reasons why you should start going to church—NOW!

As an American, you like to come and go where you please, and when. You like to speak what you please, and how. You like to pursue life, liberty, and happiness as you will. And in these United States you can—because we still have freedom. You can worship in whatever church you choose—or not at all.

But this freedom of religion and all our other liberties should not be taken for granted. Throughout free countries, the Church is fighting the peril of communism, lest individuals be strangled into hopelessness, plodding submission.

Freedom, then, is reason enough. Go to church! Support and uphold the Church—NOW!

THE CHURCH FOR ALL...
ALL FOR THE CHURCH

The Church is the greatest factor in the life of the individual and the community. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For the sake of his children and nation. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Day	Book	Chapter	Verses
Sunday	Leviticus	25	9-12
Monday	Deuteronomy	30	21-29
Tuesday	Mark	10	17-22
Wednesday	John	8	30-47
Thursday	John	8	31-36
Friday	John	10	1-10
Saturday	Ephesians	6	10-17

Sunday School Lesson

By Dr. Archie E. Brown
Pastor First Baptist Church
Vandalia, Ill.

'The Prophet of Judah's Decline'

Jeremiah 22:1-9, 24-25
GOLDEN TEXT: "Woe unto him that buildeth his house by unrighteousness, and his chambers by wrong; that useth his neighbor's service without wages, and giveth him not for his work." (Jeremiah 22:13)

INTRODUCTION — With this lesson we begin a new quarter in the Sunday school year, but we continue with the history of Israel. During this past quarter we have seen God bring His people out of slavery and bondage in Egypt over into the Promised Land. We have seen the blessings He has bestowed upon His people as they were obedient, and the punishments as they were disobedient.

We have seen the tribes separated into two kingdoms, the ten tribes of the Northern Kingdom and the two tribes of the Southern Kingdom. All this division was the result of sin and disobedience. This week our attention is focused upon the great prophet, Jeremiah. He was upon the stage of history through the reign of three kings. He began his ministry during the reign of the good king Josiah. His ministry was difficult. His message was that destruction was coming to Jerusalem. This made him unpopular. The people were smug in their thinking. They thought that nothing could ever happen to their great city.

People of the United States today are of the same making. We had better stop kidding ourselves. Judgment is coming for us.

I. JEREMIAH CRIED, "LISTEN" (V. 1-3)

Jeremiah cried out to the people, "Hear ye the word of the Lord." Read these three verses and remember that this was not what King Jehoiakim wanted to hear. Neither did his people. They had tried to destroy the places of worship. The king had even tried to destroy the Word of God with his knife, (Jeremiah 36:23).

Additional Church Notes On Page Three

Friend, the same tragedy is taking place today. Millions of people under communism are trying to destroy the Word of God. Temples of worship have been torn down or turned into uses for other purposes. Down the road somewhere Christianity and communism are going to run into each other head-on. There will be one of the most destructive battles in the world's history. Be sure of one thing: Christ will win the battle! If I were an unsaved person, I would surely join His army. He is recruiting soldiers today. When the battle begins, it will be too late to enlist in Christ's army. "Today is the day of salvation, now is the accepted time."

II. GOD'S WARNING (V. 4-7)
"If ye do this thing," God said. He made a wonderful promise. If they would turn from their wicked ways, He would bless them and take away their destruction. "If, however, they persisted in their evil ways, destruction was sure to come."

Sometimes individuals fail to heed this same warning. Once in a while we hear someone say: "But surely God understands my situation, and will let me get by. Who do you think you are, my friend? God will not put up with your foolishness forever. There are certain laws that He has laid down, and those laws apply to you the same as to every other person."

III. "WHY HAD GOD DONE THIS?" (V. 8, 9, 24, 25)

"And many nations shall pass by this city, and they shall say every man to his neighbor, Wherefore hath Jehovah done thus unto this great city?"

The answer is that they disobeyed God and turned away from Him, (V. 9). All the world was looking on. God's people were sinning against Him. Their influence was evil. God had to permit heathen nations to come in and destroy His own people.

CONCLUSION — The world is looking upon Christian men and women today. Every time one sins, God's cause is hurt. The world is looking upon "Christian" America today. Everytime we fail to live up to God's ideals, we hurt His world-wide mission cause. Let us pray for God's help as individuals as we pray for our nation to obey God.
